# AD\_Time Off and Awarded or Earned Leave\_03092020

### POLICY

It is the policy of NCPHD to provide earned and awarded leave for employees

# PURPOSE

This policy serves to provide clear guidance on earned and awarded leave.

# PROCEDURE

#### Annual Leave

It is the policy of NCPHD to provide each full-time employee with annual leave time on a periodic basis. The amount of vacation to which an employee becomes entitled is determined by the employee's length of service as of his or her employment anniversary date. For regular, full-time employees, vacation accrues as follows:

1. One year or more, but less than five years of services, two weeks, or 75 hours, of vacation per year.

2. Five years or more but less than 10 years of service, three weeks, or 112.5 hours, of vacation per year.

3. Ten years or more of service, four weeks, or 150 hours, of vacation per year. Regular, part-time employees working at least .58 FTE earn 2 weeks of vacation on their first employment anniversary date in the proportion that their normally scheduled number of hours bears to 37.5 per week. For example, a regular, parttime employee who usually works 22.50 hours per week would earn 22.50 hours per week of vacation upon completing his or her first year of service. One week or the prorated amount determined by FTE is awarded after completing a six month probation period; the remainder the eligible vacation will be awarded on the employee's anniversary date. Thereafter, annual leave is awarded to all employees in January. Increases in leave time will occur if the 5 year (three weeks) or 10 year (4 weeks) anniversary of employment has occurred during the proceeding calendar year.

Vacation awarded in January must be used by March 31st of the following year. Earned vacation must be taken. Employees are not entitled to pay in lieu of taking time off for vacation, and will not be paid for accrued, but unused vacation at the time of termination (regardless of the reason). Vacation must be scheduled with one's supervisor at least two weeks in advance of the date(s) the employee wishes to take as vacation. In the event that a Public Health Emergency hinders staff from using vacation hours exceptions to the use/lose date and vacation pay outs may be granted at the Public Health Administrator's discretion.

#### Vacation Requests

Vacation time must be requested on the Inter-departmental communication form. Requests cannot be submitted any earlier than 3 months prior to the date requested. The employee's immediate supervisor must approve any requests of four hours or more. When the vacation is taken the hours must be recorded on a blue slip. For requests less than four hours, a verbal OK from the supervisor with a corresponding blue slip is required.

#### Sick Leave

NCPHD recognizes that an employee's inability to work because of illness or injury may cause economic hardship. For this reason, NCPHD provides paid sick leave to full-time employees and part-time employees working at least .60 FTE. Employees may also use sick leave to care for family members including parents, spouse, children or domestic partner.

After a full time employee has completed two (2) full months of employment, he/she shall be credited with fifteen (15) hours of accrued sick leave or prorated by FTE. Thereafter, full time employee shall continue to accrue sick leave at the rate of seven and one-half (7.5) hours for each full calendar month of active employment. Part time employees will accrue sick time per their FTE. Sick leave is provided by NCPHD to cover "sickness" and is not to be used as a supplement for vacation.

Sick leave may be used in the case of emergency or sudden illness without prior scheduling. Sick leave must also be used whenever an employee needs time off to attend a routine medical appointment. Absences due to illnesses or injuries that qualify under the Oregon Family Leave Act (OFLA) will not be counted against an employee's attendance record.

Sick leave is not accumulated while an employee is on a leave of absence without pay. In the case of a work-related accident or injury, you may use sick time to offset any hours not paid through Workers' Compensation, or to offset the reduction in regular pay until accumulated sick time is used. At no time, however, can the combination of these exceed normal earnings, nor can you use more sick time than what you have accumulated.

Employees are not entitled to be paid for earned but unused sick days, either before or when their employment is terminated for any reason.

Employees who abuse sick leave or violate this policy will be subject to discipline, up to and including termination.

# <u>Holidays</u>

NCPHD recognizes seven holidays each year. All full-time employees will receive their regular straight-time compensation for each holiday. Regular part-time employees receive pay for each designated holiday in the proportion that their normally scheduled number of hours equals 37/5 hours per week. The holidays celebrated are:

- New Year's Day
- Labor Day
- Veteran's Day
- President's Day
- Memorial Day
- Thanksgiving Day
- Day after Thanksgiving Day
- Martin Luther King, Jr's Birthday
- Independence Day
- Christmas Day

A holiday that falls on a weekend will be observed on either the preceding Friday or the following Monday to coincide with local custom.

To be eligible for holiday pay, an employee must have worked his or her regularly scheduled hours the workday before and the workday after the holiday, or have been on an approved vacation day or any other excused absence under NCPHD policy. If an employee is on vacation when a holiday is observed, the employee will be paid for the holiday and will be granted an alternate day of vacation at a later date.

Any hourly, non-exempt employee required to work on a holiday will receive double-time payment for the hours worked.

# Floating Holiday

Employees may select 1 additional day of with pay (known as "floating holiday") during a calendar year.

Floating holidays are awarded on the employee's anniversary date. Floating holidays may not be accrued.

Employees must coordinate requests for floating holidays with their supervisor. Part-time employees, who are eligible for benefits will receive a proportional amount of time off.

# Bereavement Leave

Bereavement leave will be granted to full-time employees and part-time employees working at least 0.6 FTE, in the event of absence necessitated by the death of a family member. In the event of the death of an employee's family member, the employee will be granted three days off work with pay. Personal days or vacation days may be used if additional time off is needed. Requests for bereavement leave should be made to the employee's immediate supervisor before the leave is to begin.

For purposes of this policy, "Family Member" is defined to include the employee's spouse, same-sex domestic partner, child, sibling, parent, parent-in-law, grandparent, or grandchild, or the same relations of an employee's same-sex domestic partner or spouse.

# Jury and Witness Duty

Jury Duty: NCPHD will grant employees time off for mandatory jury duty and/or jury duty orientation. A copy of the court notice must be submitted to the employee's supervisor to verify the need for such leave. Jury duty leave is paid time off. Jury duty compensation for time served must be submitted to the Executive Assistant when received.

The employee is expected to report for work when doing so does not conflict with court obligations. It is the employee's responsibility to keep his or her supervisor or manager informed about the amount of time required for jury duty.

Witness Duty: Time spent serving as a witness in a work-related, legal proceeding will be treated as time worked for pay purposes, provided the time served occurs during regularly scheduled hours, the employee is subpoenaed to testify, and the employee submits witness fees to Executive Assistant upon receipt.

Except for employee absences covered under NCPHD's "Crime Victim Leave Policy" or "Domestic Violence Leave and Accommodation Policy," employees who are subpoenaed to testify in non-work-related legal proceedings must use any available vacation time to cover their absence from work. If the employee does not have any available vacation time, the employee may use Leave Without Pay after consultation with their supervisor. Employees must present a copy of the subpoena served on them to their supervisor for scheduling and verification purposes no later than 24 hours after being served.

# Religious Observances Leave and Accommodation

NCPHD respects the religious beliefs and practices of all employees. NCPHD will make, upon request, an accommodation for such observances when a reasonable accommodation is available that does not create an undue hardship on NCPHD's business. Employees may use vacation or unpaid time for religious holy days or to participate in a religious observance or practice; if accrued leave is not available, then an employee may request to take unpaid leave.

# Crime Victim Leave

Any employee who has worked an average of at least 25 hours per week for 180 days is eligible for reasonable, unpaid leave to attend criminal proceedings if the employee or his or her immediate family member (defined below) has suffered financial, social, psychological or physical harm as a result of being a victim of certain felonies, such as kidnapping, rape, arson, and assault.

"Immediate family member" includes a spouse, registered same-sex domestic partner, father, mother, sibling, child, stepchild or grandparent.

Employees who are eligible for crime victim leave must:

- Use any accrued, but unused vacation/sick leave during the leave period;
- Provide as much advance notice as is practicable of his/her intention to take leave (unless giving advance notice is not feasible); and
- Submit a request for the leave in writing to their supervisor as far in advance as possible, indicating the amount of time needed, when the time will be needed, and the reason for the leave.

In all circumstances, NCPHD may require certification of the need for leave, such as copies of any notices of scheduled criminal proceedings that the employee receives from a law enforcement agency or district attorney's office, police report, a protective order issued by a court, or similarly reliable sources.

# Domestic Violence Leave and Accommodation

All employees are eligible for reasonable unpaid leave to address domestic violence, harassment, sexual assault, or stalking of the employee or his or her minor dependents.

Reasons for taking leave include the employee's (or the employee's dependent's) need to: seek legal or law enforcement assistance or remedies; secure medical treatment for or time off to recover from injuries; seek counseling from a licensed mental health professional; obtain services from a victim services provider; or relocate or secure an existing home.

Leave is generally unpaid, but the employee may use any accrued vacation or similar paid time off while on this type of leave.

When seeking this type of leave, the employee should provide as much advance notice as is practicable of his or her intention to take leave, unless giving advance notice is not feasible.

Notice of need to take leave should be provided by submitting a request for leave in writing to the direct supervisor as far in advance as possible, indicating the time needed, when the time will be needed, and the reason for the leave.

NCPHD will then generally require certification of the need for the leave, such as a police report, protective order or other evidence of a court proceeding, or documentation from a law enforcement officer, attorney, healthcare professional, member of the clergy, or victim services provider.

If more leave than originally authorized needs to be taken, the employee should give NCPHD notice as soon as is practicable prior to the end of the authorized leave. When taking leave in an unanticipated or emergency situation, the employee must give oral or written notice as soon as is practicable. When leave is unanticipated, this notice may be given by any other person on the employee's behalf.

Finally, employees who are victims of domestic violence, harassment, sexual assault or stalking may be entitled to a "reasonable safety accommodation" that will allow the employee to more safely continue to work, unless such an accommodation would impose an "undue hardship" on NCPHD. Please contact your supervisor immediately with requests for reasonable safety accommodations.

#### Military Leave

Employees who wish to serve in the military and take military leave should contact the Executive Assistant for information about their rights before and after such leave. Employee's are entitled to reinstatement upon completion of military service, provided they return or apply for reinstatement within the time allowed by law.

# PROCEDURE

It is the policy of NCPHD to provide each employee with awarded vacation time. The amount of vacation to which an employee is entitled to, is determined by the employees length of service (based on the employment anniversary date), FTE, and whether the employee is a full-time or a part-time employee.

# SECTION 1: PAID VACATION FOR FULL-TIME EMPLOYEES

For full-time new employees in their first year, once they have completed the first six months of employment, they will receive one half of their twelve awarded vacation days. The remainder of the eligible vacation will be awarded on the employees first year anniversary date. Thereafter, vacation days will be awarded to all employees in the month of January of the New Year.

# For Full-Time employees vacation accrues as follows:

# **SECTION 2: PAID VACATION FOR REGULAR PART-TIME EMPLOYEES**

For part-time employees the amount of vacation awarded is determined by their employment anniversary date and pro-rated by their FTE. FTE hours can be 30 hours, 22.5 hours, 21.75 hours, or whatever hours the employee is scheduled to work.

Employees who are scheduled for less than 21.75 hours per week shall not be entitled to paid vacation time.

# **SECTION 3: VACATION AWARDED**

One half of the awarded vacation amount for year one, or the prorated amount determined by FTE, is awarded after completing a six month probation period. The remainder of the eligible vacation will be awarded on the employee's anniversary date. Thereafter, vacation is awarded to all employees on the first day of January of the New Year. Increases in vacation time will occur according to the vacation time chart in section 1.

Vacation awarded in January must be used by March 31st of the following year. Employees are not entitled to pay in lieu of taking time off for vacation, and will not be paid for accrued, but unused vacation at the time of termination (regardless of the reason).

However, in the event that a Public Health Emergency hinders staff from using vacation hours exceptions to the use/lose date and vacation pay outs may be granted at the Public Health Administrator's discretion.

# **SECTION 4: VACATION SCHEDULING**

Vacation time use is subject to approval by the employees Supervisor. Employees send in an Employee Leave Request form to use vacation time. The employees Supervisor, authorizes, or does not authorize, the vacation request after determining if there is enough coverage to cover the time off. Adequate coverage includes – but is not limited to – not causing the organization overtime charges.

Employees are limited to two (2) weeks off work, in any four (4) week time period, unless otherwise approved by the Director and the employees Supervisor. Requests for one (1) to two (2) weeks must be made to the supervisor at least one (1) month in advance. Requests for periods of time off of less than one (1) week may be made at any time, but needs to be submitted as soon as possible in order to ensure adequate coverage. These requests are still subject to coverage restrictions and are determined on a first come – first served basis.

The Director or Supervisor must consider the staffing necessary to meet the needs of NCPHD without requiring overtime or delaying planned projects/tasks.

# NCPHD Interim Directors Report for Board of Health Meeting of November 10<sup>th</sup>, 2020

# Presented by Shellie Campbell, Interim Director

COVID-COVID-COVID. That seems to be the topic of all conversations these days. But, at NCPHD the staff continues to provide a number of additional programs, services and system changes.

Here is a quick overview of our work in October:

- Planning for flu clinics to provide the 300 400 of possible vaccines we hope to receive.
- Development and implementation of a communication plan, which will provide continuous updates to community members and partners. The communication plan includes our new website, Spanish Facebook page, and procedures to address comments and concerns.
- Preparing for our annual staff self-reflections and reviews.
- Annual fiscal audit was conducted in October.
- State triennial reviews are resuming after being postponed from last March.
- Open enrollment for insurance benefits.
- Implementation of grant funding programs and new grant programs with community partners.
- Interviewing, hiring, and training of new staff.
- Creating innovative and meaningful staff huddles.
- Developing new ways to provide monthly staff trainings (HIPPA, Bloodborne Pathogens and Health Equity to name a few).
- Identifying additional work space and transportation funding support.
- Environmental Health is working on getting license renewals sent out and looking for creative ways to support businesses.
- Continuing to provide Home Visiting, WIC and clinic services.
- Supporting school districts with blueprints as we move towards in-person learning.
- Developing new school nursing guidelines and meeting with schools to build relationships.
- Starting the process of transitioning from Unified Command to NCPHD Incident Command.
- Accreditation annual report was completed and submitted.
- Working with NORCOR, Center For Living, Wasco County, Arlington Clinic, Moro Clinic, Food Bank, community meals site and Celilo Village to provide flu vaccines.
- TPEP is working on meeting with community leaders and providing messaging to community members on the impact of tobacco use and COVID.
- Our VISTA, Emily, is working closely with Gorge Food Bank and health eating promotions.

And, of course, COVID is still with us and cases continue to be unpredictable. The COVID Team continues to provide compassionate care while juggling the work that comes with a pandemic, which includes:

- Developing policies and procedures.
- Working with community partners to identify testing needs and processes.
- Contact investigation, tracking, testing, contact tracing, and monitoring.
- Hiring and training additional staff.
- Planning for a COVID vaccine and clinic.
- Identifying equipment, PPE, vaccine refrigerator, POD equipment, and other resources for POD implementation.
- Keeping staff and community up to date on new OHA guidelines.
- Working with Community Based Organizations (CBO's) to provide wraparound services, education, and outreach and contact tracing.
- Tracking the different funding streams coming from federal, state and grant sources.
- Setting up new work spaces, getting desks, chairs, and computers.
